**Bradley Stoke Community Fair
Saturday 9 June 2007**

The annual 3BNCG stall at the Bradley Stoke Community Fair. We always have a "constructive activity" for children - this year's was making pencils (out of elder twigs and charcoal) and name badges out of wood slices. The pencils were so popular that all five of us were kept fully occupied all day and we ran out of suitable elder twigs! Unfortunately the press of kids at the front of the stall meant that nobody could get to our information table, but we handed out so many of our new 3 Brooks stickers - on the badges, on the children... that we hope we have made quite a few people more aware of us.
