Nature Walk around the Three Brooks Nature Reserve

**Sunday 4th August 2019
10.30am – 12.30pm (ish)**

The Three Brooks Nature Conservation Group would like to invite you to join them on a walk around the Three Brooks Local Nature Reserve.

We will start at 10.30am but you can finish anytime you wish, just let us know you are going.

The walk will be led by professional ecologist Rupert Higgins who will introduce you to the different habitats on the reserve and to the wildlife that depends on them. What will you see? All we can say is Expect the unexpected! You may see anything from the False Fox Sedge to a live fox enjoying a snooze in the sunshine!

This walk is FREE and open to all the community and will mainly take place on surfaced paths but footwear suitable for woodland walking should be worn.

This event is only made possible by our Service Level Agreement with Bradley Stoke Town Council and the conservation group gratefully acknowledges their support.

Tickets are free, but you will need to book tickets through Eventbrite:

<https://www.eventbrite.com/e/nature-walk-around-the-three-brooks-nature-reserve-tickets-63528467356>

If your plans change please remember to cancel your ticket.
